Perfectmatch

LASERED CLOISSONNÉ on HARD FIRED CLOISSONNÉ

Cloisonné enamel without metal around each color. This process reproduces the smallest details not possible with any other process. Any design can be reproduced using lasered cloisonné without metal around each color and without having to adapt the emblem to the process.

Pages 6-7

HARD FIRED CLOISSONNÉ

Each design is stamped into brass. The recessed areas are inlaid with a cloisonné paste made of water and a powder of finely ground colored glass. Then fired at a high temperature until the glass fuses to the metal. The result is then carefully polished until the surface of the glass is level with the metal.

High Polish 14K Gold or Platinum, Antique Gold or Bronze plate

Pages 8-9

HIGH POLISHED METAL

Featuring DULL MATTE, STIPPLED or FLORENTINE backgrounds. MINIATURE BADGES

Die struck to show the beautiful contrast between the polished metal and the textured background. Especially attractive when combined with cloisonné or soft enamel color. Cloisonné is level with the polished metal. Dull Matte, Stippled or Florentine are three optional finishes for the background.

Pages 10-11

EXPRESS Digital

Custom shape with epoxy dome

Great inexpensive process for art with many colors and gradations, digitally printed on aluminum, custom shapes and epoxy dome is standard on this easy colorful process. Required art JPG 300dpi. Options include thick aluminum or stainless steel metal.

Pages 14

PATCHES & APPLIQUES

Computer embroidered patches and appliques, with up to 7 thread of colors included.

Pages 30-31

GENUINE CHENILLE

Chenille letters, numbers and logos are used by educational institutions, professional, amateur and youth sports. Applied to uniforms and "letterman" jackets.

Washable, dry-cleanable and extremely durable.

Pages 33

SOFT ENAMEL (Die Struck)

Die struck metal has the same thickness as used for cloisonné. The recessed areas are color filled with dull or glossy soft enamel. We highly recommend dull soft enamel, because it creates more contrast between the raised polished metal and the recessed enamel. PMS color match at no additional charge.

Pages 12-13

SILK SCREEN

Die struck hand polished metal. Each color ink is squeezed through silk mesh. The mesh has the design burned into it so that the ink is applied only to the areas to be colored. This process brings vivid colors and fine details to your project. Four color process available with Offset Printing.

High Polish 14k Gold or Platinum plate

Page 15

PVC Pins & Charms

Popular for decorating cell phones, MP3 players and backpacks.

If you need a logo seen by a younger demographic, this is your hip new ticket!

Pages 24

3D CASTINGS

Our custom hand poured casts offer 3D high definition details in a variety of metal platings.

Available in push pins and lapel pins.

Page 33

DIGITAL PRINTING

Introducing our newest most popular and fastest process yet. Digital printing on our stock cloisonne and aluminum pieces. Rich, vibrant color, without all of the hefty setup charges per color.

Now available with our new SUPERSIZED Aluminum shapes.

Pages 18-19

NEW Employee Recognition Stock Shapes

Perfectmatch

Made in USA

NEW Number Employee Recognition Pins - NERP

Four color imprinting on 100% genuine hard fired cloisonné. Our NEW number employee recognition stock shapes give you the benefit of custom orders without the custom die charges. Available in numbers 1 thru 10, 15, 20, 25, 30, 35 and 40. Digital Printing Process Only.

Certain artwork restrictions apply for orders with full bleeds and tight border margins, which may require additional setup charges.

Classic Employee Recognition with Cloisonne - EMPRT

Our Classic Laurel Wreath Round Employee Recognition Pin is now available using the process of Digital Printing.

Perfect for full color logos on a beautiful 100% Genuine Hard Fired Cloisonné white background.

Hand polished 14K Gold metal, Genuine Hard Fired Cloisonné and Digital Printing.

A beautiful deep laurel wreath stamping, on extra thick metal gives the pin a "significant" feel. Carefully polished to an ultra smooth finish and plated with 14K gold, this pin feels high end when you hold it.

EMPR Rectangle

We recommend adding the optional PB box for an even more exclusive presentation. \$ 1.20 (P)

Ovals available in numbers 1 thru 50. The employee recognition pin uses insert numbers, so you can pick as many of each as you need. You can even have one Swarovski Crystal in the insert.

EMPR Round

Employee Recognition

Photo Reproduction or Digital Printing on our NEW stock design and Classic Employee Recognition pin. 14K Gold plate laurel wreath and NEW number design. Both available with 4 color imprinting.

General Information

Acknowledgments
All orders are acknowledged in writing. Please review the acknowledgment carefully and advise immediately if there are any discrepancies from your original instructions.

Artwork
Our preference is camera ready artwork 3-4 times the size of the final product.
Digital artwork must be at least the size of the final product @ 300 dpi. We accept PSD, ESP, PDF, JPEG, TIFF and Illustrator files.
Preferred type of digital artwork is flat jpg at 300 dpi or better of the final product.
Colors MUST be specified in writing as PMS for each color in a product. Specify as swatches next to artwork with written PMS reference.

Backside Imprint
Requires an additional tooling charge. Add \$ 0.40 (P) each run charge. Distributor imprint available at reduced rate.

Consecutive Numbers
See laser serializing on page 34

Co-Op Program
Each order must be for catalog minimum. Take first column quantity and use second column price. Second column is minimum to take end quantity price (EQP). Orders must be accompanied with back up literature.

Corrections or Cancellations
An order in process is subject to costs incurred to date of cancellation, and a \$ 25.00 (X) cancellation fee.

Curved Top Metal
Convexed and shaped before the die is cut. Not to be confused with an epoxy dome. Add \$ 0.50 (P) each. Also, add an additional \$ 40.00 (R) tooling charge for 1" or smaller.

Delivery Time
Normal manufacturing time is required for shipment of order after approval of pre-production sample. See catalog page for selected process production times.

Double Face Adhesive Tape
Add \$ 0.20 (P) each.

Epoxy Dome
Transparent protective epoxy coat, covering top layer of emblem. Prices vary for different processes.
Please see catalog page for selected process.

Flats
Use emblem price on catalog page showing selected process.

Large Quantity Orders
Contact customer service.

Less Than Minimum
Add \$ 200.00 (P). See designated process for each LTM charge.
\$ 50.00 (P) LTM for all stock item orders under \$ 100.00 (P).

Packaging
Each item individually packaged in poly bag. See page 32 for packaging options, custom packaging available on request.

Paper Cards
Available upon request. Contact customer service for details.

Virtual Proofs
Free Artwork and Virtual Proof with all purchase orders, multiple changes to customer's art billable based on regular art rates.

Plating
See all plating options on page 34. Some platings are not available for all processes.

PMS Colors
No additional charge to match PMS colors in processes with PMS match. *Not available on all processes.

Pre-Production Sample
Add \$ 80.00 (X) plus applicable additional charges. \$ 40.00 (X) rebated upon approval of sample. Rebate not available under 300 pieces.

Repeat Orders
No tooling charge for EXACT repeat orders, repeat orders with change to artwork is treated as new orders.
NOTE: Tooling and screens are stored for 24 months / 2 years.
Repeat orders on products older than 2 years may be subject to tooling charges.

Rush Orders
Inquire with Customer Service, only available on some processes.

Shipping
F. O. B. Los Angeles, CA. Freight prepaid and added to invoice. We ship UPS except when instructed otherwise.
For drop shipments add \$ 10.00 (X) per each location.
Distributor is responsible for FedEx pickup charges. Handling charges apply for 3rd party shipments.

Stones
We feature Swarovski crystals for our synthetic stones. See page 34.

Tabs & Bars
Custom Tabs and Custom Bars measured by largest dimension, use designated process page for prices.
See our stock rocker tabs on page 22 .

Tooling Charge
Tooling charge for interior design and each metal change. Measure largest dimension, and size or shape. A new die is required for each metal change including year changes, number changes, stones etc. and for Silk Screen outside shape.

1" and under	\$ 120.00
1 1/2" and under	\$ 160.00
Center cut-out per each hole	\$ 60.00
Loop tooling charge	\$ 60.00 (4R)

Emblem pricing is based on the largest dimension.

PAYMENT: Check & Money orders are accepted for invoice balances.
ALL Credit card payments are subject to a 3.5% processing charge, pay by check to avoid processing charge.
Interest is clearly defined on the invoice and **will** accrue on balances older than 30 days.

Trademarks
Perfectmatch assumes distributors are authorized to use trademarks presented to use for reproduction.
We assume no liability in trademark or copyright disputes.
In a trademark dispute, Perfectmatch will on request surrender merchandise to trademark holder.
The distributor placing the order will be liable for production cost.
